

Manager's Report

To the SC-OR Commissioners by Glen Sturdevant
on May 21, 2026

Operations & Maintenance:

No operational issues to report.

Project Updates:

Solar

- United Sun Energy is currently on site, and the project is underway.

Plant Upgrade

- SC-OR staff did an excellent job, making substantial operational adjustments to accommodate construction. We still have a few tie-in scenarios remaining.

RCPS

- Construction is currently underway and progressing slightly ahead of schedule.

SC-OR:

SCADA Buildout

- Staff is seeking direction from the Board on whether to evaluate incorporating the remaining plant components not currently connected to SCADA into the system. While this would involve a considerable cost, it would also provide SC-OR with time to determine next steps for future upgrades. Following Phase 1, SC-OR will be approximately halfway to a modernized facility, and I think it would be beneficial to discuss available options moving forward as new opportunities may arise.

Continued

Phone System

- SC-OR staff (Administrative Assistant) worked diligently to identify a phone service option that would reduce costs for the Commission. After researching multiple options, a new service was selected, resulting in savings of over \$750 per month. If the service meets expectations, extending the contract term could provide an additional \$75 per month in savings.

Entities Reports:

T.W.S.D.

- Met with the Manager Jayme Boucher and District Engineer Chris Heindell to discuss RCPS progress and upcoming projects.

City of Oroville

- Staff is working with the City on the transfer of a portion of the collection system along Orodam and South 7th Avenue.

L.O.A.P.U.D.

- Met with the Manager Dave Goyer and Field Operations Supervisor Vince Victorino, to discuss his appointment to the Butte County Wastewater Committee, and identify issues SC-OR would like to see addressed.

Having found everything to be in order, a motion was made by Commissioner Goodson for their approval, and the motion was seconded by Commissioner Salvucci. Warrants 31021-31097 in the total amount of \$1,815,885.97 from March 25 to April 28, 2026, including Commissioner fees and electronic fund transfers and deposits, were unanimously approved and ordered paid.

11. Manager's Report (All items may be subject to Board action) ❖

Manager Sturdevant reported on the following:

Operational Maintenance:

Tie-ins for the most complex phase of construction are currently underway. This work involves taking systems in and out of service while connections are made and piping is reconfigured. Tie-ins to the Waste Activated Sludge (WAS) line are in progress, along with installation of an additional line from the new clarifier to the chlorine contact basin, which requires coordinated system switching by operators. New mixed liquor lines are also being brought online, and the Return Activated Sludge (RAS) Building is being bypassed and repaired. This phase will be the most challenging for all parties involved, including SC-OR staff.

Annual Budget:

Approval of the Fiscal Year 2026/2027 Annual Budget was discussed earlier in the meeting.

Project Updates:

Solar – United Sun Energy is currently onsite. Gravel is scheduled to be delivered next week, at which time placement will begin. Their grounds crew will also begin installation of the racking system

Plant Upgrade/SC-OR - Manager Sturdevant discussed recent conversations with Butte County regarding outstanding funding and reimbursements owed to SC-OR, totaling approximately \$7 million. The County has indicated that additional documentation is required for reimbursement processing. SC-OR has also met with HCD, where the documentation initially appeared complete; however, subsequent changes have required further follow-up with the County. Plant Supervisor Salsi is currently addressing these items. Staff anticipates confirmation by June on whether SC-OR will be awarded an additional \$6.3 million toward Phase 1 funding.

Ruddy Creek Pump Station (RCPS) – Construction continues to make significant progress. The valve vault has been poured, and the wet well concrete has also been completed.

Entity Reports:

T.W.S.D. – Manager Sturdevant reported on the construction progress of the Ruddy Creek Pump Station (RCPS).

City of Oroville – Manager Sturdevant reported on recent coordination with the City of Oroville regarding the County Complex Expansion, which adds 139 beds. The City was initially advised by a former employee that the project would have no impact; however, this determination was incorrect. Public Works Director, Tim Kabert, and City Administrator, Brian Ring, have since been brought into the discussion and are now fully engaged. The County has been cooperative, and a capacity study has been initiated with Jacobs Engineering to determine the equivalent dwelling unit (EDU) count associated with the expansion, including 100 jail beds, 39 mental health beds, and additional fixtures. Plans and preliminary counts have been provided to the engineers at Jacobs, who will calculate the EDU count and return the information for coordination with the County. The project will result in applicable connection fees the City and SC-OR will receive, as well as increased monthly service fees.

L.O.A.P.U.D. – Manager Sturdevant and Manager Goyer have been discussing L.O.A.P.U.D.'s medical insurance rate increases and the vendor that SC-OR has been working with since separating from the City last year. SC-OR provided Manager Goyer with a breakdown of the associated costs for review and for potential follow-up with SC-OR's vendor.

Public Outreach:

Manager Sturdevant hosted a luncheon and presentation for the Rotary Club of Oroville highlighting completed and ongoing projects, along with a limited facility tour due to active construction. Commissioner Goodson inquired about additional public outreach opportunities, including facility tours. Manager Sturdevant stated that such outreach is welcomed, including potential tours for middle and high schools, and to contact him to arrange.

12. Visitor's Comments ❖

None.

13. Commissioner and Staff Comments ❖

None.

14. Adjournment ❖

There being no further business, the meeting was adjourned at 05:14 p.m. to the regular meeting scheduled for May 26, 2026 at 5:00 p.m.

Respectfully submitted,

GLEN E. STURDEVANT, CLERK
